The Zyael Nutri Box Story

There was a time when every morning began with a familiar voice— "Beta, did you eat your breakfast?" Every afternoon, another call— "Lunch box khatam kiya? Kuch aur chahiye kya?"

And before bedtime— "Dinner toh le liya na?"

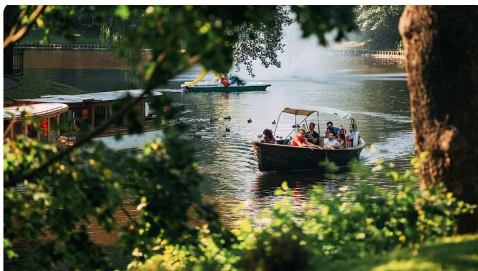

That voice was our first nutritionist—our mothers. Their love didn't just fill our stomachs; it nourished our hearts. But as we moved to new cities, chased our careers in Bangalore, Mumbai, or beyond, the calls became fewer, and the meals more rushed, random, or skipped.

We missed those meals. But more than that, we missed the love that came with them.

Here What Our Customers Say About ZyaelNutribox

Meera, 28 – Content Writer

Bengaluru

I signed up after seeing their Instagram ad saying “Meals made with care.” True to that, I got a call from their nutritionist a few days in. She spoke with me about my stress, eating gaps, and even sleep. It felt like therapy through food. Now my mom doesn’t just ask if I ate—she says, “Hope you had your nutrition check too!”

Nikhil, 35 – Sales Manager

Bengaluru

I’m always on the move, and I hated planning food. A colleague using Zyael Nutri Box recommended it. I liked that it wasn’t just meal delivery—every week I get a short nutrition consultation where they tweak my meals based on my schedule and how I feel. It’s like having a support system without needing to step out.
